A message from the Hanover Park Police Department:

Did you know that it is illegal for any person to carry or possess air pistols or pellet guns as well as discharge any air pistol or pellet guns from or across any street, sidewalk, road, highway, or public land or any public place? Pellet guns can be taken for real weapons and will elicit the same response that a real gun would from the police.

Did you know that student patrols help younger students get to the right bus place after school and monitor class lines in the morning?
